Mini Barn

Standard Features

- 2, 30" or 36" Doors (5' or 6' Double)
- Vertical Slider Window
- Diamond Sill Plate
- 2 Gable Vents

The Mini Barn is our lowest priced storage shed. It has 4' walls with a gambrel style barn roof. A few upgrades you can add to the Mini Barn are a ridge-vent or a pressure treated floor.

Hi-Side Barn

Standard Features

- 2, 30" or 36" Doors (5' or 6' Double)
- 2 Vertical Slider Windows with Shutters
- Diamond Sill Plate
- 2 Gable Vents

The Hi-Side Barn is similar to the Mini Barn but has 6' walls instead of 4'. With a gambrel style roof, which creates plenty of head room and loft space, it is the perfect style to put a loft in. You can upgrade the Hi-Side Barn with a metal roof, or an aluminum ramp to get your ATV or garden tractor in and out.

A-Frame

Standard Features

- 2, 30" or 36" Doors (5' or 6' Double)
- 2 Vertical Slider Windows with Shutters
- Diamond Sill Plate
- 2 Gable Vents

The A-Frame Storage Shed is perfect for your garden tractor, lawn mower, or ATV. You can upgrade the A-Frame with a diamond sill plate, gable vents, a metal roof, or an aluminum ramp to get your lawn mower in and out.

Shed Mule Delivery

Preserves your yard and gets through tight spaces

Cottage

Standard Features

- 2, 30" or 36" Doors (5' or 6' Double)
- 2 Vertical Slider Windows with Shutters
- Diamond Sill Plate
- 2 Gable Vents

The Cottage has a beautiful 16" overhang to keep you protected from the weather, and to add to the overall appearance of the structure. You can upgrade the Cottage with a ridgevent, a metal roof, or a fully pressure treated floor.

Elite A-Frame

Standard Features

- 2, 30" or 36" Doors (5' or 6' Double)
- 2 Vertical Slider Windows with Shutters
- 2 Gable Vents / Steeper Pitch Roof
- 1x6 Painted FaceBoard (wood siding)
- Diamond Sill Plate

The Elite A-Frame has a beautiful steeper pitch roof with 1x6 painted faceboard on our wooden models. You can upgrade the Elite A-Frame with a ridge-vent, a metal roof, or a fully pressure treated floor.

Classic A-Frame

Standard Features

- 2, 30" or 36" Doors (5' or 6' Double)
- 9-Lite Fiberglass Door
- 2 Vertical Slider Windows with Shutters
- 2 Arched Vinyl Garden Vents
- Flat Return with 6' Transom Window
- Diamond Sill Plates

The Classic A-Frame has a unique flat return gable on the side with a 6' transom window in it. You can upgrade the Classic A-Frame with a 4' loft and heavy duty ladder, a workbench, ridge-vent, a metal roof, or an aluminum ramp for the double door.

Chalet

Standard Features

- 2, 30" or 36" Doors (5' or 6' Double)
- 9-Lite Fiberglass Door
- 2 Vertical Slider Windows with Shutters
- 2 Arched Vinyl Garden Vents
- Return Gable with 12x12 Diamond Window
- Diamond Sill Plates

The Chalet has a beautiful return gable on the side and a 12x12 diamond window with an 11-Lite fiberglass door underneath. You can upgrade the Chalet with a 4' loft and heavy duty ladder, a workbench, ridge-vent, a metal roof, or a fully pressure treated floor.

Country Cottage

Standard Features

- 2, 30" or 36" Doors (5' or 6' Double)
- 9-Lite Fiberglass Door
- 2 Vertical Slider Windows with Shutters
- 2 Arched Vinyl Garden Vents
- 2 Dormers with 12x12 Windows
- Diamond Sill Plates

The Country Cottage has the resemblance of a Cape Cod featuring two dormers on the side. You can upgrade the Country Cottage with a 4' loft and heavy duty loft ladder, a workbench, ridge-vent, a metal roof, or an aluminum ramp for the door.

Customer Reviews

My wife and I would highly recommend Tuscarora Structures. Their customer service was fantastic, loved that we could spec out what we wanted on the website, and their team that did delivery and set up were a fantastic bunch of guys. Their work looks amazing and was more affordable than other companies we checked with. - Will Long

QUALITY PEOPLE, GREAT WORKMANSHIP, I HIGHLY RECOMMEND THIS COMPANY. - JARED MILLER

Went up to buy a 12x20 shed for my husband, ended up getting that one plus a smaller 8x12 cottage style for our pool house. Prices were great and Matt was wonderful to work with. He helped us customize the sheds to our satisfaction. Would highly recommend. - Lisa Hockenberry

I would give this business a 10 star if possible. Great people to work with, the entire transaction except delivery was done online as I do not live in the area but needed a shed for my cabin at the mountains. Delivery service was outstanding....not an easy spot to get to or to set the shed.....it was done very professionally. I could not be more pleased!
Thanks again guys! - Dan Fisher

We couldn't be happier with our 12'x20' building from Tuscarora Structures. From the quote to the delivery it was an easy process. They will work with you to accommodate your schedule. Matt with the quote and ordering process to Arlin who worked with us on our tight schedule & Dave with his great attitude and nerves of steel putting the shed right where it needed to be, we couldn't be happier. If you're looking for a great experience from start to finish, and a shed that is built more like a home, give Tuscarora Structures a call. - Bill Leonard

A-Frame Garage

Standard Features

- Solid Raised Panel Insulated Garage Door
- 36" Side Door
- 2 Vertical Slider Windows with Shutters
- 2 Gable Vents
- Floor Joists 8" on center in driving area
- Diamond Sill Plates

Our A-Frame Garage is the perfect solution to add to your garage space. It comes standard with a reinforced floor (joists 8" o/c in driving area) and is customizable to meet your specific needs.

You can upgrade the building with our electric package, an extra double door in the back, or extra windows.

Hi-Side Barn Garage

Standard Features

- Solid Raised Panel Insulated Garage Door
- 36" Side Door
- 2 Vertical Slider Windows with Shutters
- 2 Gable Vents
- Floor Joists 8" on center in driving area
- Diamond Sill Plates

The gambrel roof style on the Hi-Side Barn Garage adds a lot of overhead space for loft storage. You can upgrade the Hi-Side Barn Garage with a loft and heavy duty ladder, a workbench, extra windows or doors, pressure treated flooring, or a metal roof.

Custom Styles

- Timber Frame Accents*
- Log Sided Buildings*
- Hunting Cabins*

Elite Garage

Standard Features

- Insulated Sunset Window Garage Door
- 36" Side Door
- 2 Vertical Slider Windows with Shutters
- 2 Vinyl Garden Gable Vents
- Floor Joists 8" on center in driving area
- 1x6 Painted Faceboard (wood siding)
- Steeper Pitch Roof
- Diamond Sill Plates

Our Elite A-Frame Garage makes a beautiful addition to your property. The steeper pitch roof more closely matches the roof of a house, causing it to blend in with the appearance of your house, while adding curb appeal. You can upgrade the Elite A-Frame Garage with an electric package, pressure treated flooring, or an aluminum ramp.

2 Car Garage

Standard Features

- 2 Raised Panel 4-Lite Insulated Garage Doors
- 36" Side Door
- 3 Vertical Slider Windows with Shutters
- Pressure Treated Floor Joists 8" o/c in driving area
- Pressure Treated 5/8" Plywood Flooring
- Ridge-Vent
- Diamond Sill Plates

We build and sell Wood, Vinyl or Metal 2 Car Garages that are perfect for your workshop, classic car storage, and more. All of our 2 Car Garages are built with a 10 pressure treated 4x4 skids as a base. On top of that we reinforce the floor with pressure treated joists 8" o/c in the driving area, and 5/8" Pressure Treated Plywood Flooring. Our walls are built with Premium Grade 2x4s spaced 16" o/c, and our 2x6 rafters are also spaced 16" o/c. Because of the two 18" LVL Beams that are supporting the rafters, you get up to a 24'x28' span of open space! You don't have to worry about a bothersome support in the center of your building. All of our 2 Car Garages come with 'Ice and Water Shield', a self-adhered roofing underlayment, beneath a layer of GAF Timberline LifeTime Architectural Shingles on the roof. Metal Roofing is also available.

About Our Family

Tuscarora Structures is a family owned and operated business, and has been building and shipping quality, affordable storage sheds and garages over the northeast since 1991.

My wife and I were raised in the heart of Lancaster County, having strong work ethics and family values. These are being passed on to each of our children, and serve as a positive influence in the production of our structures. We moved to Isabella, Belize in the spring of 1994 and served there for 7 years. Upon our return, I partnered with Henry Fisher, the founder of Tuscarora Structures, and after a few years, was able to purchase the business from him. Here at Tuscarora Structures, consistent quality construction and creating lasting customer relationships are our core values. Because we are smaller in size, our customers are not merely numbers on a production schedule, but valued persons who are known by name. We are also large enough to be able to buy our raw materials at competitive prices, bringing about a unique blend of quality, economy, and customer satisfaction. We look forward to serving you! **God Bless, Dave Glick and the Tuscarora Structures Famil**

Matt and Sarie Glick
Office Manager

I love being a husband to my amazing wife and a dad to two incredible girls. I love enjoying the beauty of nature and serving my King Jesus as well as spending time with my family and friends. I also enjoy doing life and playing basketball with teens each Monday evening at our CPYM Monday Club in Lewistown as well as fishing, playing golf and sitting around the campfire.

Arlin and Sara Glick
Production Manager

Arlin is our production manager. We strive to build the highest quality sheds and garages available, and he is the man that makes that happen. He enjoys spending time with his family, as well as a good round of golf or shooting hoops with friends.

Dave and Ruthie Glick
Deliveries and Scheduling

I love doing life with my wonderful wife Ruthie and spending time with our children and grandchildren. I also enjoy working with our sons Arlin and Matt in helping to grow the business at Tuscarora Structures. My passion is sharing the Gospel and being involved in missions around the world. When I get spare time, I enjoy going to the golf course with my sons and friends.

Our Mission

And whatever you do in word or deed, do all in the name of the Lord Jesus, giving thanks to God the Father through Him. Colossians 3:17

At Tuscarora Structures, we exist to bring glory to our King Jesus. Our mission is to build His kingdom, the Kingdom of God. Because of our mission, we pursue excellence in Sales, Production, and Delivery with tremendous intention.
